Since its initiation 50 years ago, **Head Start** has improved the lives of over **32 million** children and their families! The premise of **Head Start** is simple: every child, regardless of their circumstances at birth, has the ability to reach their full potential. There are four major components to **Head Start** including education, health, parent involvement, and social services—including linking families to services that they need!

The Head Start Advantage

Head Start children **reduce their vocabulary deficit by 38%** during the program year.

Head Start children are **31% less likely to have been held back** a grade.

Head Start children are **19% less likely to smoke** as adults.

High quality birth-to-five programs, like the combination of EHS and HS, **pay off 13% per year.**

New Opportunities provides school supplies for low-income children in each of the seven counties served by our agency! Providing children with the necessary supplies lessens the stress on the family and ensures the children are prepared to learn with their peers!

If your family would benefit from receiving school supplies, or if you would like to donate to one of our school supply drives, please contact your local
