DIRECTORY**

**LISTINGS FOR AUDUBON, CARROLL,
GUTHRIE, GREENE & SAC COUNTIES**

JUNE 2021

DEVELOPED BY PREVENTION SUPERVISOR NANCY ROWEDDER

TABLE OF CONTENTS

Introduction	Page 3
Audubon County	Page 4
Carroll County	Page 6
Greene County	Page 12
Guthrie County	Page 16
Sac County	Page 20

Introduction

Alternative activities provide opportunities for target populations to participate in activities that exclude alcohol and other drugs. The purpose is to discourage use of alcohol and other drugs by providing alternative, healthy activities.

This directory has been developed as a result of New Opportunities Prevention Department's work in conjunction with the Iowa Department of Public Health's Integrated Provider Network Grant.

New Opportunities Prevention Department consulted with area Human Service Coalitions and available resources to compile this directory. **If we have missed any activities please let us know** so we can have the most accurate listings possible. We look to provide at minimum annual updates to this directory and will rely upon our community partners to assist in providing updated information on activities and points of contact.

Please contact New Opportunities Prevention Department with any new/updated information or if you would like information/resources in developing or strengthening healthy activities for youth.

INTEGRATED PROVIDER NETWORK

New Opportunities provides IPN Problem Gambling and Substance Misuse Prevention Services in Audubon, Carroll, Greene, Guthrie, and Sac Counties addressing the priority areas of: Alcohol, Marijuana, Prescription Medications, Problem Gambling, and Tobacco.

The Iowa Department of Public Health (IDPH) Substance Use and Problem Gambling Services Integrated Provider Network (IPN) is a statewide, community-based, resiliency- and recovery-oriented system of care for substance use and problem gambling services (prevention, early intervention, treatment, and recovery support).

The IPN brings together three previously separate service systems: Substance Abuse Prevention, Substance Use Disorder Treatment, and Problem Gambling Prevention and Treatment, as directed in legislation beginning in 2009. IPN services are funded by the State General Fund appropriation to IDPH for substance use and problem gambling services and the SAMHSA Substance Abuse Prevention and Treatment Block Grant.

At a minimum, contractors must provide Prevention Services that comply with the Institute of Medicine Prevention Classifications, the Strategic Prevention Framework, and the six SAMHSA Prevention Service Categories

Contractors plan and provide Prevention Services in coordination with stakeholders and provide Prevention Services that address the lifespan, with evidence-based programs appropriate to different persons and populations.
