

## INTEGRATED PROVIDER NETWORK

New Opportunities provides IPN Problem Gambling and Substance Misuse Prevention Services in [Audubon, Carroll, Greene, Guthrie, and Sac](#) Counties addressing the priority areas of: Alcohol, Marijuana, Prescription Medications, Problem Gambling, and Tobacco.

The Iowa Department of Public Health (IDPH) Substance Use and Problem Gambling Services Integrated Provider Network (IPN) is a statewide, community-based, resiliency- and recovery-oriented system of care for substance use and problem gambling services (prevention, early intervention, treatment, and recovery support).

The IPN brings together three previously separate service systems: Substance Abuse Prevention, Substance Use Disorder Treatment, and Problem Gambling Prevention and Treatment, as directed in legislation beginning in 2009. IPN services are funded by the State General Fund appropriation to IDPH for substance use and problem gambling services and the [SAMHSA Substance Abuse Prevention and Treatment Block Grant](#).

At a minimum, contractors must provide Prevention Services that comply with the Institute of Medicine Prevention Classifications, the [Strategic Prevention Framework](#), and the six SAMHSA Prevention Service Categories

Contractors plan and provide Prevention Services in coordination with stakeholders and provide Prevention Services that address the lifespan, with evidence-based programs [appropriate to different persons and populations](#).
