

Ten Squared Women Support Food Pantry,

Due to the recent COVID-19 Pandemic, the 10 Squared Women of Guthrie County cancelled their May 2020 quarterly meeting and opted for an electronic discussion amongst members about the greatest needs for this quarter in the wake of the Pandemic. After a few surveys had been completed and input gathered, it was decided that the group would donate to two charities with members deciding to give their \$100 quarterly donations how they chose. The group is proud to announce that once all the checks had been collected from members and several company matches, a lump sum of \$8,350 was presented to New Opportunities, Inc. and \$3,500 to Guthrie County Hospital Foundation.

New Opportunities is a 501(c)(3) non-profit community action agency for all of Guthrie County. They network with local organizations to enhance the opportunities for low income children and families to meet basic needs and develop their own capacity to do so. Programs and services offered are Food Pantry, LIHEAP (Low Income Home Energy Assistance Program), weatherization, clothes closet,

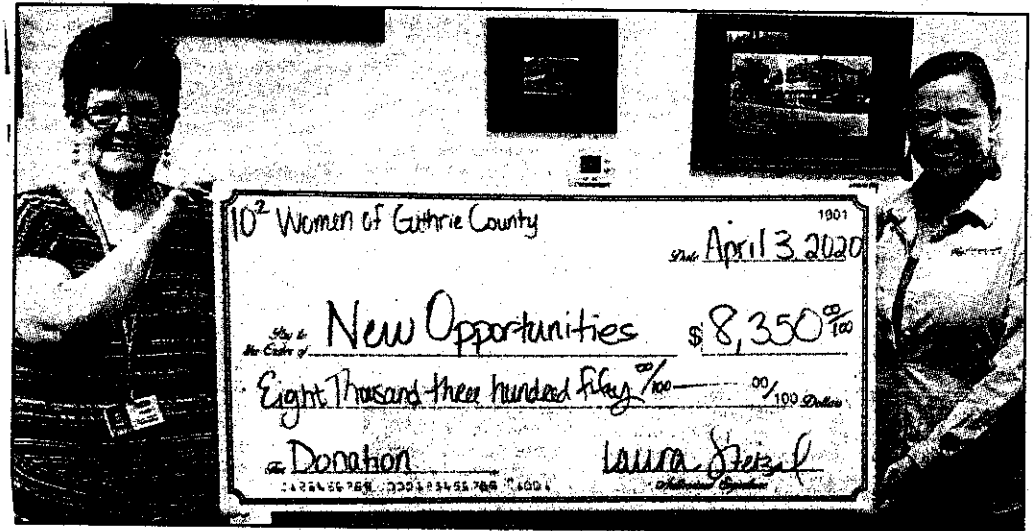

disaster relief (when county declared by state), back to school supplies, Christmas toys, holiday food baskets and Summer Food Service Program at the Guthrie Center Elementary. The office is run by the Family Development Center Coordinator Rhonda Huggins and volunteers.

This donation will go to help fund their food pantry and their other programs in Guthrie County.
